Dr. J. H. Pope of Marshall is one of the notables on hand and made the response to the address of welcome.

The visitors have never before seen the College grounds so lovely as they are this year. Excellent care and the late rains have made the campus rich in verdure and bloom.

Hon. L. D. Amsler of Hempstead, member of the A. and M. board of directors, arrived at College yesterday.

Hon. Jefferson Johnson of Austin, former commissioner of agriculture, is enjoying his annual visit to the Congress and mingling with his many friends.

Dr. G. S. Fraps returned from North Carolina in time for the congress. His family will remain away for some weeks yet.

"COPPERHEAD" CAT.

Dallas Newspaper Man Mistakes a Serpent For a Feline.

Dallas, July 10.—J. C. McNealus, the well known newspaper man, discovered Tuesday morning early what he thought was a cat in a hen's nest of his chickenhouse. Picking up the intruder he carried it outside. Mr. McNealus was horrified to find the supposed feline was a copperhead snake. As these venomous reptiles usually bite without warning, his escape is little short of a miracle.

DIGGS CONFESSION.

Attorney Says There Is No Reason
to Longer Keep It a Secret.

Houston, July 10.—Attorney J. V.
Vanderberger of Victoria, a leading
counsel employed by citizens of Jack-
son county in the Condit murder case,
was here and said there was no longer
occasion for secrecy regarding Aug-
usta Diggs' confession, made Satur-
day at Edna. He stated that Felix
Powell came to the home of the Diggs
woman on the morning of the murder
and said, "Monk Gibson and I have
murdered the Condit family. There
was something over there that I want-
ed, and I got it." Then follows the
details, as previously given in the
press. These negroes now under ar-
rest are Felix Powell, Henry Howard,
Bertha Reed, Amy Howard, Augusta
Diggs, Irene Powell and Monk Gibson.

CRAZY WELL DIGGER.

Had to Be Chained In Wagon and
Hauled Thus to Jail.

Dallas, July 10.—While a negro by
the name of Henry Brooks was digging
a well in the eastern suburbs Tuesday
morning, being thirty feet under
ground and using a pickax, he became
insane. By herculean efforts he was
brought to the surface, where he be-
came so demonstrative that the sher-
iff's office was telephoned. Two de-
puty sheriffs arrived on the scene, and
it required the united efforts of sev-
eral men to chain Brooks in an ex-
press wagon, after which he was taken
to jail.

JUNE RECEIPTS.

Nearly Twenty-Seven Thousand Dol-
lars More Than Same Month of 1905.

Austin, July 10.—Secretary of State
Shannon Tuesday deposited in the
treasury \$44,261, receipts of his de-
partment for June. This is an increase
of \$26,848 over receipts for same pe-
riod in previous year.

Assistant Attorney General Hawkins
holds that an oral request made to a
county chairman by a candidate for
constable not later than June 16, 1906,
entitles such candidate to have his
name printed on the official ballot.
This was in answer to an inquiry from
J. C. Watts of Van Alstyne.

SCANLAN NO MORE.

President of Houston Water Company
Passes Away at Chicago.

Houston, July 10.—Telegraphic ad-
vices received from Chicago announce
the death of T. H. Scanlan, president
of the Houston Water company, of
heart failure. Deceased had been in
failing health for several years. He
was seventy-four years of age and was
born in Ireland. He owned the con-
trolling interest in the Houston Water
company and was considered the
wealthiest individual in this city.

MEMORY OF VICTIMS.

Those Who Lost Their Lives July 1
Are Remembered.

MANY AT CATHEDRAL

Among Those at St. Paul's Were
Ambassador Reid, a Prominent
Canadian Official and One
From Manitoba.

London, July 10.—In the presence
of a large congregation, including Am-
bassador and Mrs. Reid and the staff
of the American embassy, the lord
high commissioner of Canada, lord
mayor and high sheriff of London in
official robes, Sir Hunter McMillan,
lieutenant governor of Manitoba and
officials of the Southwestern Railway
and American Steamship company,
memorial service for the American
and Canadian victims of the Salisbury
railroad disaster of July 1 took place
at St. Paul's cathedral this morning.

Most of those bereaved by the ac-
cident were represented by members of
the family or friends, among them be-
ing J. S. McIntosh, accompanying Miss
Elphicke of Chicago, and Rev. Dr. Fos-
ter of Trenton, for deceased friends.
The service, which was fully choral,
was conducted by the dean of St.
Paul's, assisted by Archdeacon Sin-
clair.

BARK BURNS.

Crew Had Apparently Escaped, as No
One Was Seen on Board.

New York, July 10.—Upon her ar-
rival here the Clyde line steamer Car-
riba, from Georgetown, S. C., and Wil-
mington, N. C., reported having sighted
the Uruguayan bark Margarita on
fire at sea Monday off the Delaware
coast. The Margarita was in com-
mand of Captain Alsen. There was
no sign of life on board when the
Carriba sighted her. The vessel was
blazing fiercely aft, her mizzenmast
had fallen alongside, and a charred
spar was hanging over her quarter.
All sails were set on fore and main-
masts except the royals. All head
sails were set and she hove to with
the wind, which kept the fire aft.
From her mainmast forward every-
thing was untouched by the fire. The
Carriba ran close by her and Captain
McGuire watched for signs of the
crew, but apparently all had been
taken off by some passing vessel. The
Margarita is a wooden vessel of 550
tons net. She was built in 1871 and
owned at Montevideo.

STILL INVESTIGATES.

Wilson Says Chicago Packers Work to
Make Improvements.

Chicago, July 10.—Secretary of Agri-
culture Wilson continued his investiga-
tion of the local stockyards Tuesday
and made a trip through several plants
before breakfast. He continued his
investigation until late in the morning
and expressed himself as satisfied
with what he saw there. "It seems
to me, said the secretary, "that the
packers are working with commendable
vigor to make improvements, and I
understand there will be no let up
in the work until they have fixed
things as the government wants
them."

APPEAL OF SHAW.

Asks National Banks to Assist in Se-
curing Small Notes.

Washington, July 10.—Secretary
Shaw has issued an appeal to notional
banks to assist the government in sup-
plying a pressing demand for notes of
small denominations. He has sent
to all national banks a letter request-
ing them to issue as much as possible
of the aggregate of their circulating
notes in \$5 bills, indicating to them
that there is more profit in the issue
of such notes than in putting out
notes of a larger denomination.

ADMIT DEFEAT.

Brewers Agree to Give Bond Not to
Sell to Kansas City, Kan., Joints.

Kansas City, July 10.—The brewers
who control the joints in Kansas City,
Kan., admitted defeat in their effort
to keep their places open in defiance
of the law when they announced Mon-
day night that they will agree never to
sell liquor to the joints in Kansas
City, Kan., again, and promised to give
bond as a guarantee of good faith.

DETAILS OF MUTINY.

Officer Who Gave Command to Fire
Had Bayonet Stuck In Him.

St. Petersburg, July 10.—Some ad-
ditional details of the mutiny of the
Seventh cavalry at Tambov show that
both infantry and Cossacks were sent
to subdue the mutineers. They re-
fused to fire on them, the infantry
bayonetting the officer who gave the
command. A detachment of dragoons,
who, it is said, had been plied with
liquor, attacked the mutineers. Offi-
cers of the Seventh fired on their own
men. The number killed or wounded
has not been established.

Mutineers Sentenced.

Tiflis, Caucasasia, July 10.—The mi-
litary tribunal, realizing the tremen-
dous fermentation in the garrison here,
has left off with light punishments
twenty-seven mutineers who had been
sentenced to be shot because they re-
fused to fire on the populace during
disturbances last March, sentencing
thirteen of them to imprisonment for
from six weeks to a year and acquit-
ting the remainder.

Federal court at Ardmore adjourned
on Monday.

STEEP HOLLOW REUNION YESTERDAY.

One of the Most Notable Gathering in Brazos County for Many Years.

One of the most notable gathering held in Brazos county for many years was the reunion of old students of the Steep Hollow school and of old settlers of the community held at Steep Hollow yesterday. For several weeks arrangements have been in progress for the big event and interest was brought up to a high pitch of pleasurable anticipation.

The Steep Hollow community is one of the oldest and most populous neighborhoods in the county and many of those born and reared there have scattered abroad over the state. The reunion was arranged as a home coming event and so it proved to be. There was a very large crowd present and the program given below will serve to make the day long memorable as the occasion of the first Steep Hollow reunion.

Messrs. A. W. Buchanan and I. M. Cook presided at the meeting. There was much favorable sentiment towards making the organization permanent, but no action was taken in the matter.

The fortunate ones present are ready to testify that they never enjoyed a day more in their lives. The inspiring exercises and the renewing of old associations will exert a potent, far reaching and uplifting influence on all.

It was a matter of deep regret that Mr. J. L. Andrews could not be present owing to the illness of his daughter. He was on the program for an address which was omitted.

VISIT BEARS FRUIT.

Brazil's New Tariff Reduces Duty on Many American Products.

Washington, July 10.—Secretary Root's proposed visit to South America has begun to bear fruit. Brazil has just announced a new tariff which reduces the duty on flour and many other American exports 20 per cent, and is designed to promote the development of commercial interchange between this country and Brazil. Condensed milk, rubber seals, watches, varnishes, typewriters, pianos, ice boxes, scales, windmills and inks (except writing inks) are among the articles on which 20 per cent reduction is granted. Flour is the most important commodity in the list and duties on breadstuffs have long been a subject of dispute between Brazil and the United States.

GENERAL RUCKER DIES.

For Over Forty Years He Had Been In Uncle Sam's Service.

Los Angeles, July 10.—Brigadier General Louis Henry Rucker, retired, died here. He had been in the continuous of the military service of the United States for more than forty years. He enlisted at Chicago when the call for troops was first made in 1861 and rose from the ranks to high grade and retired at his own request as a brigadier general in 1903. He will be buried in the national cemetery at Presidio, near San Francisco.

IMMENSE IMMIGRATION.

The exact number was 1,062,054, an increase of 199,075 compared with the preceding year. The largest number of immigrants came from southern Italy, being 222,006. The Hebrews are second with 125,000. Immigrants brought with them a total of \$19,000,000.

POLICYHOLDERS ACT.

Have Meeting at New York and an Organization Effected.

OLNEY IS CHAIRMAN

In an Address It is Stated That Those Carrying Insurance in the New York Life and Mutual Must Get Together.

New York, July 10.—The International Policyholders' committee, organized to overthrow the present management of the New York Life Insurance company and the Mutual Life Insurance company of New York effected a permanent organization at a meeting here Monday by the election of the following officers:

Chairman—Richard Olney, Massachusetts.

Vice Chairman—Governor J. Frank Hanley, Indiana.

Executive Committee—Alton B. Parker, New York; Governor J. D. Johnson, Minnesota; Charles Emory Smith, Pennsylvania; Harlow N. Higginbotham, Illinois; A. M. Shook, Tennessee; Governor Henry Roberts, Connecticut; Governor Samuel W. Pennypacker, Pennsylvania.

Finance Committee—Thomas B. Wannamaker, Pennsylvania; F. G.

Richard Olney.

Niedringhaus, Missouri; Samuel Newhouse, Utah; Samuel Untermyer, New York, (counsel.)

Secretary—M. Eaton, (secretary); F. R. Scruggs, (organizer.)

The members then continued in executive session.

The general committee formally added to the list of its members of names of Lord St. Oswald and Harwood Barnard, M. P., to represent the English policyholders.

After the meeting the committee issued an address to policyholders explaining the inception of the committee, and outlining its plan of action.

Reciting that the voting power has been gradually transferred from the policyholders to a few of the executive officers centered in New York, the address says that it is necessary for the 1,200,000 policyholders to organize without delay, as this year, under the law recently enacted, affords the policyholders their only opportunity to obtain complete control in one election, while hereafter only one-half of the directors can be chosen in any one election.

It was decided that when the committee adjourned it would be at the call of the chair, which was empowered to call a meeting at any time after ten days' notice. The immediate work to be done will devolve upon the executive committee, which is expected to hold frequent meetings at New York, Philadelphia and elsewhere.

Committee has until Sept. 18 to file its nominations of directors to be voted for by the policyholders. The administrations of the two companies are required by law to file their nominations, together with a list of policyholders, before July 18. The voting will continue from Oct. 18 to Dec. 18, when the polls will be closed.

HARGIS-CALLAHAN CASE.

Opening Statement For the State of Kentucky is Made.

Beattyville, Ky., July 10.—At the convening of court Monday B. R. Jett made the opening statement for the commonwealth in the Hargis-Callahan case for the assassination of J. B. Marcum. He implicated in the conspiracy, in addition to Jim Hargis and Ed Callahan, B. F. French, John Smith, John Abner and Tom White.

One incident which he promises to prove was a plot for Tom White to shoot Marcum with a shotgun as he passed Hargis' store. Marcum passed by holding his baby in his arms. White, he said, was unbraided for not shooting, and replied that he did not want to kill the baby. Hargis is quoted as saying: "You ought to send the brat to hell with its daddy."

He promised to prove, by James Mann and Asbury Spicer that Hargis tried to get them to kill Marcum, agreeing to give Spicer \$500 for the work. Hargis feared that Marcum would be acquitted of a libel charge, and Jett and White were given their final orders for the actual assassination in the courthouse door, Hargis and Callahan looking on from in front.

RAILROADS FILE SUIT.

Santa Fe and International Attack Entire Body of Rates.

Austin, July 10.—The Gulf, Colorado and Santa Fe Railroad company and the International and Great Northern Railroad company have filed suits in the United States circuit court at this place attacking the entire body of rates established by the railroad commission of Texas since Feb. 28, 1899, which was the date on which the compromise of the suits instituted by the railroad companies in the latter part of 1898 became effective.

The bills of the Gulf, Colorado and Santa Fe and the International and Great Northern are in their main feature quite similar. Each company claims that the reductions made by the railroad commission since Feb. 28, 1899, have resulted in the diminution to the extent of several hundred thousand dollars of its revenues, and that the rates now existing as a whole are so far from compensatory that they are an invasion of the fourteenth amendment to the constitution of the United States, which provides that no state shall deprive any person without due process of the law, and that no state shall deny any person within its jurisdiction the equal protection of the laws.
